Angle Park Monday Moved To Gawler

The Angle Park meeting scheduled for Monday night, 23rd November has been moved to Gawler. Damage occurred to the track today during a scheduled turnover today and due to the extent of the damage, there was concern over having the track ready for racing on Monday

In order to give reasonable notice to affected parties, it has been decided that the meeting will be shifted to Gawler. All distances for the meeting will revert to Gawler's distances, i.e. 515m will become 531m; and the 600m events will become 643m races. Race times will remain as previously published.

This means that Gawler will be used for racing on both Monday night & Tuesday afternoon next week.

Owners & trainers should note that all races on Monday night will now be penalty free events.
